In Hemoriam John Rettell Hall!

Our oldest Sast Eminent Commander John Settell Hall, died at the home of his son in Malden, Mass, Sovember 17,1903 in the ninely sixth year of his age. The was the oldest of a family of eight boys, the sons of John and Sarah (Hells) Hall, "He came of a family of remarkable longevery; his mother lived to the age of eighty-nine, and every one of her sons attended her funeral. His parents were proneer residents of Malden, Mass, his father having been born in Malden in 1777. His mother was the daughter of John Hills an old settler in Malden, while his father was a direct descendent of Moses Hall, who was in the battle of Lexington His uncle John Settell of Charlestown, distinguished himself in the battle of Bunker Sill. Eminent Sir Hall was born in Charlestown, Mass, Oct, 9, 1808, but at an early frered of his life. his parents removed to Boston. He received his education as ded his brothers, at the old Mayhew School in Boston, all graduating with distinction, and receiving the Tranklin medal - at that time the crowning mark of excellence in scholarship in the Boston public schools. It is a notable thing that the whole family of boys should have thus been honored All the age of eighteen he engaged in the

business of his father, a dyer by profession, learning the trade, and at a later age taking the oversight and charge of the business until the establishment was transferred by sale to other hands. He then entered the employ of Hall & Now & Co., dry goods dealers, remaining about two years, when, under the inducement of a higher salary the removed to the service of Benjamin Durges, where he acted in the double capacity of book kuper and salesman. His reputation as a rapid and reliable accountant secured him various advanced situations until, about the year 1836, he was invited to take the position of book keeper in the Traders Dank of Toston! His services in that bank extended over a period of fourteen years, partly as book-keeper and partly as cashier, until at the organization of the Cank of North America he took the position of cashier of the new institution a place which he filled with Singular fidelity and usefulness for more than thirty one years, really to Och 4. 1861. It may bet said here that Toro. Stall was at strict constructionist in his theory of bank management, always contending earnestly that the depositors and regular customers of the bank were entitled to preserence in its favors as against all occasional discounts, even at a higher rate of interest. Unquestionably a large portion of the success of the bank was due to his good judgment and financial skill,

He was also deeply interested in military matters, and was well regarded as something of an expert in military tactics and evolutions. His associations were with the Buston Light Infantry, which corps he joined in 1834, and where he Continued in active service during the succeeding twenty five years. He was orderly sergeant, elected to the offices of Second and First Lieutenant, and subsequently on the Resignation of Capt. Ashley to the captaincy, Jeeling that the rank and position of Captain might be considered inconsistent with his bank duties, he refused to accept the office, but offered to act as commander until such reasonable time as they could suitably fell the place. His companions, catching at his words, concluded they would look and keep looking for a suitable Kaptown so long as they could prevail on First Lieutenant Hall to do the practical service and so it was about three years before any one could be found satisfactory to fill the place, Sient, Hall however always ranked as a Captuin, and his shield as Captain hangs among the shields of the other Captains in the Ormory We was made Tresident of the Usesociation of Veterans of Boston Light Infantry for about three years, and when, about 1879, the effort was made to give the organization an efficient and active character, he was elected (olones and neld the office for many years, Imment Du Nall was the oldest graduate of the English Right School, the oldest volunteer Gireman of the Boston department, being appointed in 1831 The Tarrison Toray Otis, the Toldest member of the

Boston Light Infantry, and the only survivor of the board of selectmen of Somerville. Le was lifty-lour years, a justice of the peace; his first commission was signed by Govenor Briggs in 18.49 He enjoyed remarkably good health and to the last. was unitswally strong mentally and physically. He had few equals for activity in his advanced age during which a such day was unknown to him! On the mineh of bast October he celebrated the ninety fifth anniversary of his birth with little fatigue, and he went to the polls in fairly good health, considering his age and voted at the state election, on the third of hovember last, two weeks before his death, which followed a few days illness due to reper old age. He retained his sunny disposition to Sminent Ser Hall in 1836 married Miss Sarah Sike! daughter of Thomas Like of Charlestown, by whom he had three children, only one of whom, David Dudley Hall of Malden is living, Mrs Hall died in 1896 Sminent Sir Hall received the degrees of Masonic light in St John's Jodge, Boston, Mprit 6. May & und June 1. 1846, and membership Dec. 7, 1840. On the 13 th of December 1844 he was appointed Junior Steward of the Lodge, and at the next election he was appointed Junior Deacon. On Jun! 4. 850, he was unanimously elected Junior Harden and December 2, 1850 he was elected Senior Harden and served until

On the fourth of December, 1854, he was elected Greasurer of the Lodge, which position he held until the institution of John about Lodge of Jomerville, chartered in 1858, the name of which he suggested. Of this Lodge he was for three years Borshipful. Master, in 1857 while under dispensation and for two years after it had been chartered. He served as District Deputy Grand Master of the Grand Lodge of Massachusetto. for the Eleventy Masonic District from Dec, 29, 1860 to Dec. 30, 1862 and from Dept 9, 1863 to Dec 29'1863. He was a Mason for fifty seven years. Among his Masonic. honors. he Juned very highly the Honorary Membership conferred upon him by Change Lodge: of Charleston, So. Jarolina, and he retained the pleasantlest memories of the fraternal courtesies which were paid to him and his family with a barok hand, by the Brothers of that distant Lodge. He was exalted to the dignity of a Toyal Auch. Thuson in De Gurelo. Chapter of Boston Oct 30. 1846 and received membership Nov 17. 1846. Of this Chapter, after serving in various other offices. he was elected Ticellent Scribe for the years 1854 and 1858, Excellent Sing for 1859 and 1860, and Night Priest for 1861 and 1862, succeeding that brilliant retualist and presiding officer, Myzeman Marshall, Nel mas Isubsequently elected an Nonorary member of the chapiter. He took the order of Right Trust hood in 1861. and in September 1863 he was elected Deputy Grand

Night Priest of the Grand R. M. Chapter of Massachusett, and served one year. He received the Priestic degrees in Boston Council Boy al and Select Masters. Thank 16, 1854, and membership March 26, 1854. We mas created Thought Templas in Boston Commandery Oct 30, 1848, and made a member Oct. 17, 1849. After serving in various subordinate stations be madelected Eminent Commander in October 1864. At the annual conclave of the Commandery in October 1898, he was presented with a series of handrome engrossed resolutions of felicitation and congratulations whom the fiftieth, anniversary of his becoming a Knight Templar. He was a Knight Templar fifty five years, and the oldest member and past commander of Boston Commandery.

The degrees of the Ancient Accepted Scotlish Rite to the 30° inclusion were conferred upon him Phay 4, 1867 in a Consistory opened in Boston by the Sufrime Council, 33° Ne was a charter member of the Secielative body known as the Grand Consistory of Massachusetts under date of May 1, 1867, its Spilly Brand Commander in Chief to Dec 27 864 and its Ill: Grand Commander in Chief from that date to Dec 29, 1865. He was created a Sovereign Grand Inspector General, and Ho, vary Member of the Sufreme Council, 33° in Poston May 8, 1863. Eminent Sir Hall mus somewhat problem by no means limited in Cheme. He was a frequent contributor to the Masonic Monthly published for seven years 1863-18% in Nasonic Monthly published

Ne was the compiler and author of Halls' Master Workman for the use of the masters and officers of Lodges, and of a similar work covering the Chapter degrees He also compiled and published a book of Prayers for various Masonic occassions, which are of superior merit, and furnish for opening and closing the Lodge, and also for initiations several prayers for each, so that the monotony of repeating a single prayer may be avoided. It bears the imprint of a Williams + Co. 1870 It will be seen from this brief sketch of his career that To Hall was a man of versatile talents who did a great deal of useful work in the long years which were allotted to him. Of his winning personality much more might be said Companionship with him was most delightful, and up to the close of his beautiful life, his conversation full of anedoto and reminiscence, covering three generations of personal experience, was a source of perpetual pleasure to those who were priviledged to enjoy his society. Us was befitting a life so well spent, its closing years were like the peaceful ending of an autumn day.

by the Sir Knights of the local commanderies Of Fargo, No. Dakota, the members of our party were presented with souvenir postals with the complements auvergne Commandery no v. The first train arrived at Gardener mont, early Sunday the second train being 24 hours later, arriving Monday morning, The trip through the Yellowstone Mark Clark occupied, about five days and a half, the first train going out Friday afternoon and the second train leaving at about six b'clock Saturday afternoon, This part of the journey mad thoroughly enjoyed by all but as it was ruther hot, and very ducty the return to the train was a wilcome change. During the extra day the second train was in the Park, the first train was using up the time by a side trip to Butte, with excursions to the mines and smelters. I stop was made by both trains at Spokane, where courtesies were extended by a delegation from Cataract Commandery no 3 including a trolley I ride about the city while a generous allowance of fruit was placed aboard both trains by the pokane Chamber of Commerce. youday morning both trains again met near the tampelde Junnel in the Cascade mountains, where we were delayed by a freight wreck until nearly three o'clock in the afternoon, This delay cost us one day at Scattle and Jacoma the former place not being reached until early evening and the latter

Eleven oclock Monday night. We were received at the Hotel Butler, Seattle by a delegation of Seattle Sir Knights. The arrived at Portland early Tuesday morning august 30, and after breakfast marched to the Portland Notel where the Port land Sir Trights were lavish in their attentions for our intertainment and comfort, escorting the party to the new Scottish tite Temple and in the afternoon providing trolley cars for a trip to one of the mammonth saw mills where an opportunity was given the party to see some of the big logs converted into lumber at Corthand we attempted to extend the courtesy of a reception at the railroad station by the Sir, Knights and Band to Secretary of the Treasury Dhaw, but, owing to a delay to his train were volliged to leave before his arrival. On Nednesday morning occurred the only thing that approached an accident to either train during the entire trip the forward engine on the first train striking a gravel train which was backing down the track, Foltunately both trains were running slowly and no further damage was done than knocking the forward trucks of the engine off the track! causing a delay of some two or three hours. Sacramento was reached in the early morning of Thursday Sept. 1st and w stop of some three! or four hours was made at this place.

The arrived at Fresno in the heart of the grape country. in the middle of the afternoon, and were met at the station by members of the local commandering and excerted through a large Gaisin seeding factory, the Chamber of Commerce, and to one of the large vineyards, and on returning to our train we found a liberal allowance of grapes Ofor each member of the party. Friday morning Sept 25, we reached Las Angeles where the train was side tracked for the day. Here again were the recepients of generous hospitality, tickets being given us for numerous trolley rides. and a reception being gwin at the masone lemple in the evening. Leaving Los Angeles at eleven o'clock in the evening lever arrived at Santa Barbara in the morning of Saturday Sept 3? Here carriages were taken for a ride around the city visiting the numerous points of interest including the Old Mission (one of the oldest and best preserved in California I the beach etc. We left Santa Barbara about two o'clock in the afternoon and arrived at Del Monte Sunday morning Sept it remaining until about noon when we left for Santa Cruz, Iwhere a change was made to the narrow gauge train for a trip to the Big Vices" After an inspection of these interesting objects we returned to Santa Cruz, where we remained until late at night. when we left for Dan Jose which we reached early the following morning Deptember 5 " San Jose is in the midst of the great fruit raising belt of

California and an opportunity was given of visiting the numerous fruit packing houses, Leaving Dan Jose about. noon we arrived de San Francisco at 2 o clock P. M. Monday Sept 5th Nere we were met at the station by a detachment of California Commandery no 1. N. J. mounted and escorted to our headquarters at the St Francis Notel. During our time in San Francisco our time mas given up to individual sight seeing as each saw fet. We were the recipients of numerous attentions and recewed invitations to a number of Receptions although this latter custom did not seem to be as general as at. some former conclaves - possibly the fact that nearly all the alifornia Commanderies had their headquarters at the Mechanics Vavilion, and had a general Reception night may account in some measure forthis. Among the most noticable receptions were those given by California Commandery No 1 at the Pavilion on Guesday evening and by Tolden Tate Commandery No 16. at the Mark Nopkins Institute on Thursday evening Soth these receptions were largely attended by members of our party, of our harty Doston Sommandery did not participate in the Grand parade on Quesday for reasons already givin by our Eminent Communder. This was a source of regret to many in Dan Francisco but when the cause was explained to them nearly all were in hearty sympathy with no. Our Geception was held in the Castors of the St.

Francis Hotel Phursday evening Dept 8th from seven to ten o'clock the first hour being given to California Commandery No! who were present in large numbers in full (Jegalla) with their ladies. It was estimated that nearly 2500 people passed through our rooms during the evening and it was the unanimous opinion that it was the Gleasantest and beet managed. Reception given in San Francisco during the conclave. Friday afternoon we left the St Frances Hotel at 2,15 o'clock for home and under escort of California Commandery no I marched through Market St to the terry. Here we were met with the news of a serious (fire along the line over which we were to pass but after considerable delay we started. Of the Journey Saturday the least said the better, suffice to say it mas hot dirty and tiresome. Foltunately the damage by fire was not as great as at first reported but it was enough that we took nearly the whole day to travel what should have been covered in a few hours. Dall Lake City mas reached Sunday afternoon Sept 11" late in the Jafternoon and trolley cars and carriages were taken for trips about the city. a feature of the trip to Salt Lake the mas the passage over the new Lucin cut off on the Southern Jacific I. P. This cut off runs about eighteen miles across Salt Lake and makes a saving of some sixty miles in the distance to Salt Lake City.

Salt Lake City was left Sunday night about 8.15 o'clock. Monday Sept 12 was spent in the yourney eastward through the Tennessee Pass, and Noyal Gorge Both these points were passed by the first train by daylight but the second train nas not so fortunate the Toyal Torge being passed after dark. Colorado Springs was reached early Tuesday morning and after breakfast a special train was taken for the Cripple Creeke District. Sunch was served at Cripple Creek and from here electric cars were taken for a further fourney through the mining campo, This was truly one of the most enjoyable days of the entire trip and one that will live long in the memory of those who participated in it. Colorado Springs was reached on the return at about. 5.30 The members of the party who were to go up. Thees Seak the following morning took a carriage ride through the Garden of the Gods while the remainded took the train to maniton of prings Nednesday morning a portion of the party left early for the Seak while the others look a carriage ride to the Garden of the Gods and cave of the winds. We left Maniton in the early aftermoon arriving at Denver about four W'clock The first train arriving somewhat earlier, Here an opportunity was given to see the city the trains leaving at about . 8 30 o'clock . I. M., for Hansas City Iwhich was reached, about swan o'clock.

I.M. Thursday Sept 15 th and left half an hour later. It Louis was reached Saturday formoon and an opportunity given for a short stop at the Worlds Fair which was improved as each dumed best, The fair grounds were left at 10 30 PM and the Union Station at St Louis about an how later. Saturday and Lunday morning were consumed in the journey to Boston which was reached Sunday Sept. 18 " The trains pulled into the South Station at 11 50 i clock W. M. where we were met by a large number of the Stay - at homes " in full regalia under command of the Teneralissimo who escorted the Commandery to the Temple through Summer, Winter Tremont and Toyleton Sto .. The Commandery was closed by the Imment Sommander at 12 45 o'clock. J. M. The badies had been taken to the Temple in trolley cars and after an opportunity to remove Jegalias and wraps all repaired to the Danquet Hall where lunch was served and after a pleasant hour spent in refreshment and listening to remarks by different members of the Lommandery (all) returned to their homes and thus closed the bargest Tilgrimage ever held by the Commandery and one thoroughly enjoyed by all who participated M striking thing about the trip was the fact that no serious case of illness occurred and with the slight accident alluded to above nothing occurred to marthe sense of security of those participating. a. Boston Commandery was unable to participate in the parade! at the Logichave without sacraficing the dignity honor and future welfare of our beloved Commandery. It is not feasible to give every detail relative to this deplorable affair in a short report, consequently only the important incidents will be noted. The Commander of the Jarade, appointed the W: E: Grand Commander of Massachusetts and Rhode Island, Commander of the Second Division. Said Commander of the Garade, issued an order of Parade, dated at San. Transisco, July 20, 1904, which was forwarded to the Subordinate Communderies, throughout the Country.

article 4, of said order reads as follows, " Commanderies, Grand and Subordinate, will be formed in Grand Divisions according to jurisdiction and take rank by date of Charter. Under the head of the Second Grand Division in said

order of Parade is printed Second Grand Division forms

on Jones St., north of Geary St., head of division on Geary St. Freeman O'Hersey Grand Commander of

Massachusetts and Phode Island, thief of Division, Dir Frederick E. Pierce, Shief of Staff. Aides, The Grand Commandery of Massachusetts and. Phode Island and Subordinate Commanderies." Early in august 1904, hearing many rumors of the intention of the Commander of the Second Division intending to violate the order of Parade, and having read an article touching upon the subject, published in a Boston Paper, the Commander of Boston Commundery sought an interview with him. The result of which confirmed the suspicion that the Commander of the Second Division, had been and was at that time seeking some excuse to misplace (Soston) Commandery in the Parade. The Commander of Boston Commandery informed the Commander of the Second Division, That Boston Lommandery was arranging to take a band of twenty-five pieces at an expense of several thousand dollars and that it was im portant to have Doston Commanderyo place in the Tarade settled as, Boston Commandery would not march, if the order of Parade was to be violated and thousand spent on a band would be wasted," The result of the last interview was Parade order Number One issued, under the official seal, over the signature of the Grand Sommander of Massachusetto and Whode Island, four days beford Boston Commandery left for labsformia! placing Tooston Commandery in its proper position in the Garade Ut Dan Francisco, on the evening before the parade,

an order was received purporting to come from Headquarters of the R. E. Grand Commander of the Grand Commandery of Massachusetts and Phode Island, bearing no seal and signed by order of Q. E. Freeman & Herry as Commander of the Second Division, recending the order of the G.E. Grand Commander of Massachusetts and Chode Island, issued in Boston! This order was so indefinite that we were unable to determine our position in the Garade. The officers of the Commandery appealed to the Commander of the Garade, the result of which was while he admitted that it looked us though his Drder of Parade might be violated, he did not possess the firmness to interfere The officers then pleaded for the priviledge of marching on the extreme left of the line but were not permitted to do so. Owing to the uncertainty of the real meaning of the last order, it was thought best to march to the place of for nation that we might be certain of the Surpose of the Commander of the Second Division. In arriving at the place of formation, it was discovered that the ommandery escorting the Grand Commandery of Massachusetts and Chode Shand to their place in line had been assigned by the Commander of the Second Division to a position on the right of Boston Commandery, Considering this an injustice and in direct opposition to the General Oxders as above quoted and also to those issued by the Grand Commander of Massachusetts and Shoke Island. before leaving 12 ston, our Commandery declined

to parade and returned to its quarters at the St. Francis The largest reception attended in Sun Francisco, was given by Boston Commandery, and many courtesies extended all of which with other incidents connected with the Jelgrimage are embodied in the report of the Recorder of the Pilgumage The Commandery is indebted to the members of the prarious committees for much hard work, which made possible the success of the Tilgumage and the very favorable financial report as above! I wish particularly to mention Eminent Sir Henry I Litchfield Creasurer of the Telgrimage, who has contrib uted an enormous amount of time to his part of the work, Eminent Sir Rugenel a Holton, who was Vice Chairman of the Ways and Means Committee has rendered valuable assistance.
